

APPENDIX 4
HISTORIC AMERICAN BUILDINGS SURVEY
FROM THOMAS (1980)

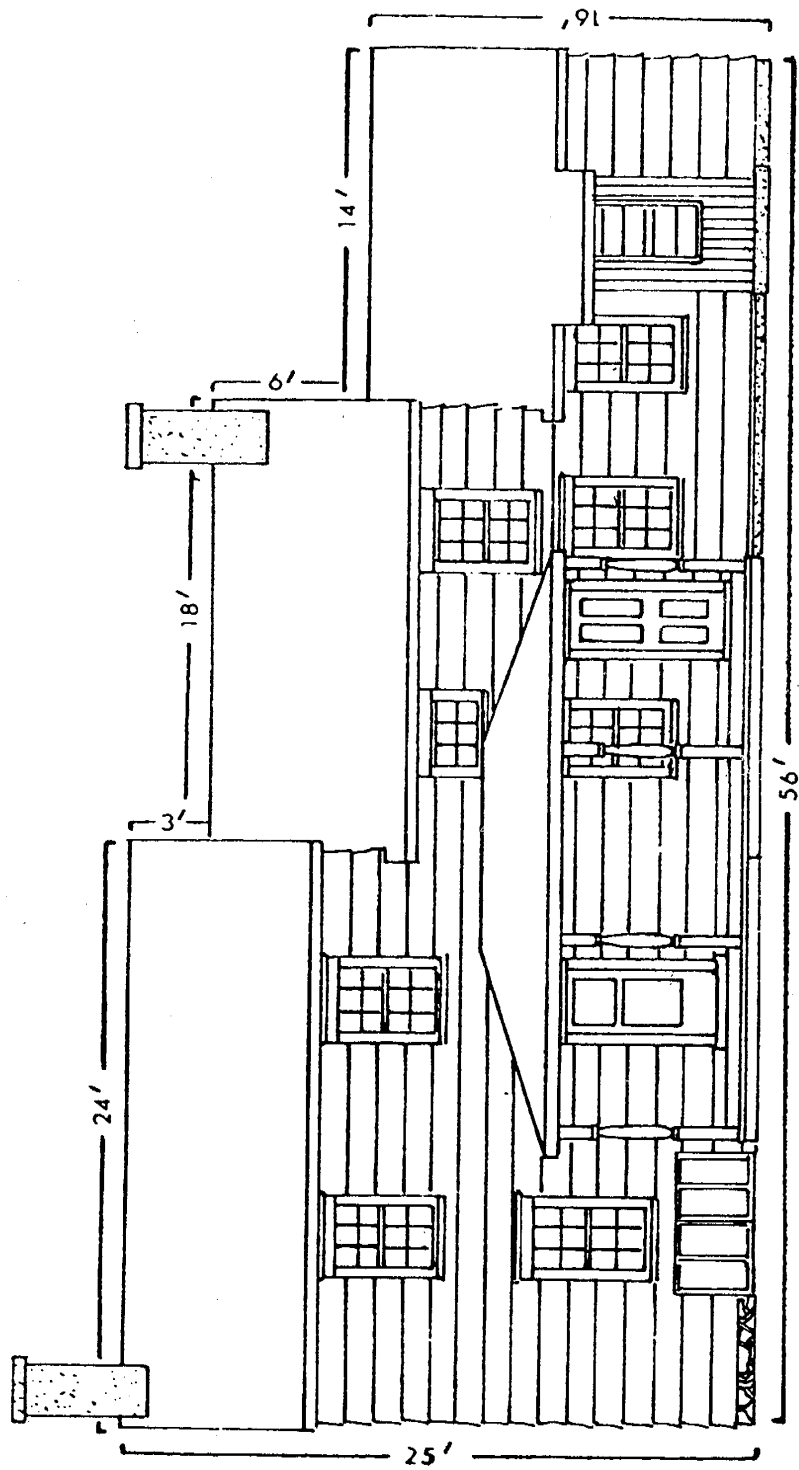

THE ROBERT FERGUSON HOUSE

The Robert Ferguson House was nominated to the National Register of Historic Places in 1978 as an extant example of early nineteenth century vernacular architecture. It was determined that this property would be impacted by the new right-of-way and additional documentation was undertaken to supplement the initial survey.

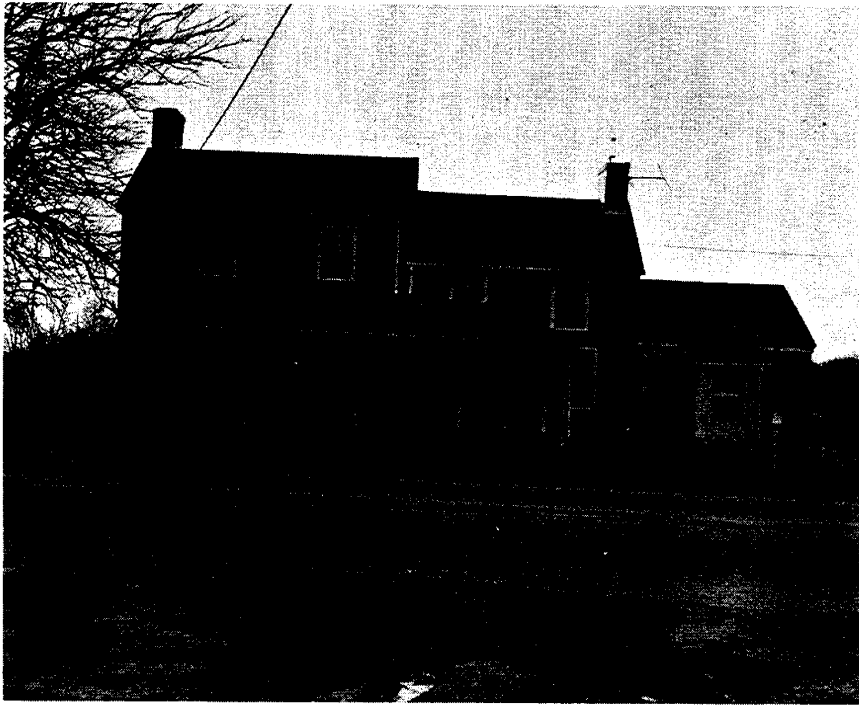

Recordation of the Ferguson House was initiated for the Historic American Buildings Survey (HABS, not NAER) to meet their requirements on the Route 4 project. The following illustrations are from that study.

FERGUSON HOUSE
(FLOOR PLAN)

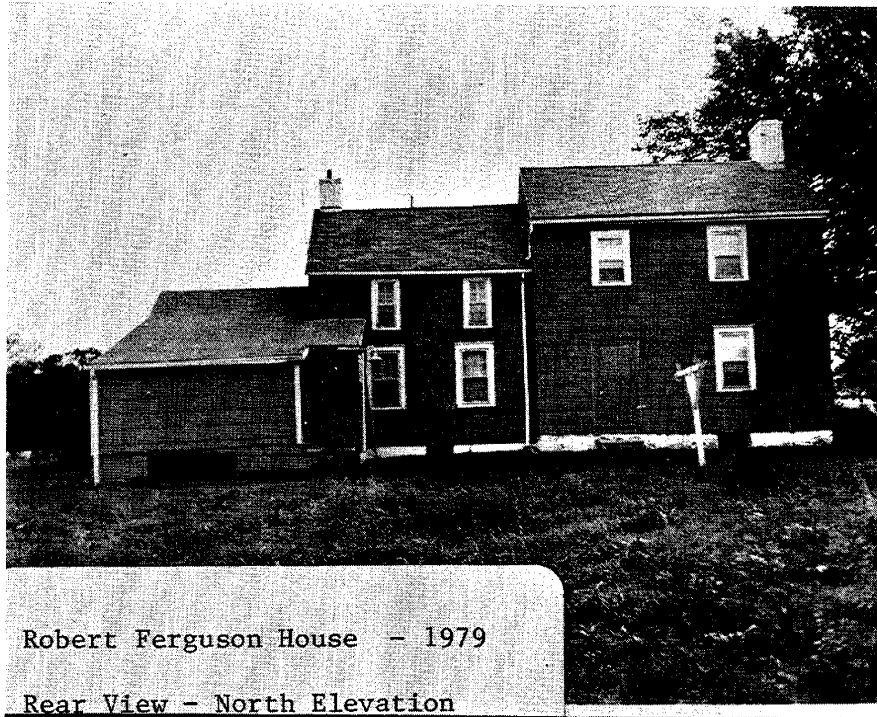

FERGUSON HOUSE (FRONT ELEV.)
